

ARISE WITH HOPE!

WE ARE LIVING IN VERY INTERESTING TIMES IN **THE UNITED STATES AND THE WORLD**

The crisis of the Coronavirus Covid-19 virus has impacted the lives of millions of people. We have a saying in Latin America: "When the United States has a cold, many countries will have pneumonia." **As we watched the news, we see people who feel hopeless.** Many families in the United States have received a stimulus check. Small businesses, nonprofits and churches have received payroll help. But around the world, things are not well. They don't have jobs, businesses are going bankrupt, and people literally in many parts of the world are going hungry.

Job's story reminds us that even when things don't go well, we never can lose hope. He lost everything he owned, his family, his health, his friends betrayed him, his wife asked to curse God. But he said these words, "At least there is hope for a tree: If it is cut down, it will sprout again, and its new shoots will not fail." Job 14:8

We hope that we will rise up soon. We desire that things will get better. We long for the world to get back to some kind of normal. It is our prayer that all these things would happen, but above all that we would **Arise with Hope.** At Global One80, we have launched a special appeal to help families in need in the countries where we are ministering. **Would you prayerfully consider giving a donation to our Arise One80 Fund?** Many families are in need, and you can make a difference. We need your help!
