

July – September 2025.

Esposito Family
Daniel, Alejandra, Priscila & Ruth.

- **OM's Team gathering (August).**

This team gathering was a wonderful time of fellowship and ministry guidance. Our OM team is spread across the country; therefore, we work remotely most of the time. We also welcomed some new workers who joined the team. We praise the Lord for that!

- **Local church's marriage Spiritual Retreat.**

We had the opportunity to spend a weekend with the eight couples we serve from our local church, where we shared how God is working in our lives: transforming, restoring, and giving us new opportunities. Some of them are new believers, and some others we have had the opportunity to know them from several years. We also witnessed the entire process of God working in their hearts and families.

- **Youth in Action Camp.**

We attended a camp in Buenos Aires with more than 200 young people, where the aim was to mobilize in prayer and financial support for ten missionary projects in different parts of the world.

After three days of camp, we were able to achieve the goals and raise funds for all the projects presented. Praise the Lord!

Among the projects presented there were two of them who the missionaries involved had been part of these camps several years ago and they are now serving overseas. We were also able to present OM's ministry and have good conversations with young people who have a clear calling to missions.

- **Kairos course.**

We started the Kairos course with 30 participants this year, and throughout the eleven weeks of program, we can see how God is working in each participant mobbing them to an intentional involvement in God's kingdom. We took this opportunity to mentor those whom the Lord has called for mission involvement through this course.

- **International prayer week (September)**

We began the week praying at the team retreat and continued holding virtual meetings and gatherings where we were able to spend exceptional time in prayer, especially for those least reached by the gospel.

- **OM Latinoamerica's leadership meeting (Bogota).**

Every two years, we have an in-person meeting with all the field leaders from Latin America, where we spend quality time together, learning, and sharing opportunities in each field and work experiences.

- **Next steps.**

We were invited to coordinate the team of facilitators for the Kairos course onboard Logos Hope. So, we will be visiting the ship and working onboard as a family, in Trinidad and Tobago during the month of January 2026, God's willing!

Prayer points.

- ✚ We give thanks for the new facilitators who joined this year's Kairos course.
- ✚ We give thanks for those who faithfully pray, support, and give to this ministry.
- ✚ We give thanks to God for 25 years of marriage (Daniel and Alejandra).
- ✚ We pray for the necessary resources so that the four of us could travel to Trinidad and Tobago in January.
- ✚ We pray for those who were challenged to get involved in God's work this year. May the Lord work in their lives and guide them toward His purposes.
