

January - March 2026.

#### **Trip to Logos Hope (December 31st to February 2nd)**

On the last day of 2025 we flew to Trinidad and Tobago where we boarded Logos Hope until beginning of February. This trip had multiple purposes, we started with a mobilization program with the intension of making known the ships ministry. This program is called "Vision Team" where we participated with Rubén, Ana, Coty and Guillermo (pastors of the church of Cinco Saltos, Rio Negro). For a week of "Vision team" we participated with the crew general meetings, had interviews with some crew members who were participating in a year-long leadership program on board, we visited local churches where Daniel and Ruben shared the message with the congregation. We were also able to serve in various departments onboard: kitchen (galley), accommodation (cleaning), and the book fair. During our second week, Ale and Daniel were running training for the Kairos course head facilitators onboard, training nine people who will be in charge of organizing and leading the course on board as well as mentoring the new facilitators.

Kairos is offered as a missionary mobilization tool to the ship's crew.

For the next two weeks, we were able to have personal interviews with the Argentinians onboard and spend a good very time with them. Daniel also served with the electrical team, Priscila and Ruth in the engine room, and Alejandra rotated through various departments as needed.

#### **Trip to Cyprus (March 10<sup>th</sup> - 18<sup>th</sup>)**

In March, Daniel traveled to Cyprus to participate in the OM annual leaders' meeting, where almost 400 leaders from around the world were able to meet.

There we had a good time of prayer and meditation on God's Word to learn His guidance for our ministry. We learned about the progress of the gospel around the world, with a special emphasis on the least-reached people groups and on developing biblically healthy teams and communities, rooted in the Bible and fully dependent on the Holy Spirit for the work we do.

We were also able to build important alliances by sharing what is being done in Argentina to send more workers to the harvest, working together with local churches to develop missional churches.

#### **OM Argentina Team Gathering (March 28<sup>th</sup> and 29<sup>th</sup>)**

At the end of March, we had a two-day gathering of the OM team in Argentina at the base in Buenos Aires, where we were able to align ourselves on the vision, strengthen relationships and friendship with each team member, as well as we pray and plan together the activities ahead.
