

## A YEAR TO HELP

*"And from doing good and helping one another do not forget; for with such sacrifices God is well pleased."*

Hebrews 13:16

Sometimes we take many things for granted, such as that everyone has a home and the food they need on a daily basis, or that everyone has someone to help them with their problems and feelings. But it's not true! The world abounds with people in distress, without hope and with many needs.

This situation is especially serious in developing countries, with unscrupulous rulers or those who have suffered the consequences of the pandemic. **However, people in need of help are everywhere.** It is very easy to see people begging for money in your neighborhood or when you go to the supermarket, but it may not be so easy to see people suffering in silence from illness or who are victims of violence. **Visible or silent, they exist, they are there waiting for a generous hand, which in this year 2022, can be yours.**

**God has given us a great power: the power to help. God has given you two great ways to help: with prayer, which is a very powerful tool when it comes from the heart; and with action!**

**At Global One80 we want to invite you to include among your resolutions for this New Year, a change or a significant improvement in your attitude towards people who need help.**

Pay more attention and...

- **Don't ignore** people who need financial or spiritual help.
- **Report to the authorities** if you know people who are in a situation of risk or violence.
- **Participate as a volunteer in activities that you enjoy**, you can transform many lives with your time.
- **Donate what you no longer use and is in good condition.** Remember: true kindness does not consist in giving away what you have left over, but in sharing the little or much you may have.
- **Make financial donations** to churches or non-profit organizations that pursue purposes with which you identify.

In this New Year that begins, let us ask God to help us to be people who do good and generous and He will know how to reward them, even more than we deserve.

God bless you richly!
