

*"Again Jesus said,
"Peace be with you! As
the Father has sent me,
I am sending you."*

John 20:21

LATINO MOBILIZERS

Latino Mobilizers are members of the Body of Christ, team workers committed and competent in using different mobilization tools, such as Simply Mobilizing (SM), **to involve the local Church in the worldwide Christian missionary movement.** One of our key roles is to **train the Church towards participation in His mission, and accompany them towards a mature commitment to it,** carrying it out through a strategic and biblical sound mobilization.

To expand our possibilities of financial partners in the United States, we have entered into a strategic alliance with Global One80. We are currently ten mobilizers from different denominations and cultures, ministering in 8 countries in Latin America, Africa, the Middle East, and North America.

We desire to grow as mobilizers in the image of the Master Mobilizer: Jesus. Jesus is the Master Mobilizer because He constantly communicated His heart and purpose by asking His disciples to join His mission. In passages such as Matthew 28:19-20, Luke 24:46-47, and John 20:21, we see Jesus inviting His friends to participate in the mission after He tells them of His authority over all things and the work of the Father. **This is because mobilization, done correctly, always focuses on Jesus and not simply on the task at hand.**

We seek every day to do the same in our mobilization! Mobilization without vision will return empty, and by His grace, we have a clear biblical-based vision to share with you and not just the next steps.

Jesus is worthy to be worshiped in every people, tribe, tongue, and nation (ethnicity); that is why we mobilize and motivate others! We do it not because God's mission seems to be a better life purpose for some people but because Jesus is the only one worthy of all our worship and obedience.

In a nutshell, Latino Mobilizers are helpless servants passionate about Christ and His global cause who do what we must do to make Him known and worshiped by people of all peoples, tribes, tongues, and nations (ethnicity). **Our challenge is that our countries often do not have the necessary economic resources to support missionaries who obey the call.** That is why we need to get support in other countries with stronger economies. Our churches want to help, but they can barely cover their own financial needs. **It is our prayer that churches and individuals will commit to supporting us in our call, and if possible, they will adopt an entire unreached people's country.**
