

RUBA'S FAMILY

SERVING AMONG THE TURKISH PEOPLE GROUPS

AUGUST 2026

CREATING RELATIONSHIPS

Thank God, during this time we have had several opportunities to meet with local people, give out New Testaments, tell them about Christ in simple words, and strengthen friendships.

Thank you for being part of God's work among the Azerbaijani people.

AZERBAIJANI LANGUAGE CLASSES

We continue learning the Azerbaijani language. During this time, we have learned more vocabulary that is allowing us to tell short Bible stories.

REHIM & NIGAR

In August, it was Nigar's birthday, which gave us the opportunity to visit them at their home and meet other family members. Cynthia and Nuray are also having opportunities to spend time with Nigar and Ilyas (her son). Through them, we are getting to know the culture better, and we are also gaining a better understanding of their spiritual background and how they live out their faith.

SPANISH CLUB

In June, the Spanish Club began, a monthly gathering for Azerbaijanis who are learning Spanish. Most of them are self-taught and are interested in traveling to Spain or a Latin American country someday. Cynthia leads this club, and due to the interest from the locals, we are considering holding it twice a month.

Through this platform, Cynthia has been able to establish new connections in Spanish, such as Nilufar, a young Azerbaijani woman who attends the club. They keep in touch and hope to meet at a café in the coming days to talk.

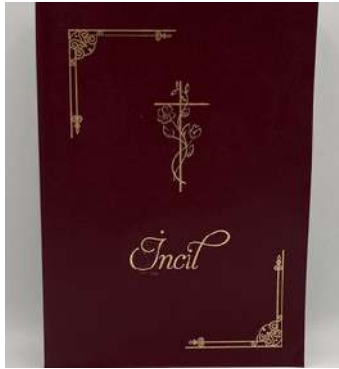

DISTRIBUTION OF İNCİL (NEW TESTAMENTS)

Thank God, we have delivered six İncils so far. Most of those who requested them have been men, devout Muslims.

Some interactions have been brief, as happened with a young woman named Nübar, whom Cynthia had arranged to meet at the entrance of a mall. She received the İncil (we gave it to her in a gift bag) and quickly said goodbye. In the following weeks, Cynthia contacted her again to ask how her reading was going, and at that very moment, Nübar sent her a photo showing that she was reading the İncil at her workplace.

We have also had long and pleasant conversations over tea, as happened with Sübhan, a young Muslim man who is concerned about the future, since his father passed away recently and he is now responsible for his mother and younger siblings. It was an opportunity to tell him about Jesus Christ and answer some of his questions. Recently, he told us that he is reading the İncil.

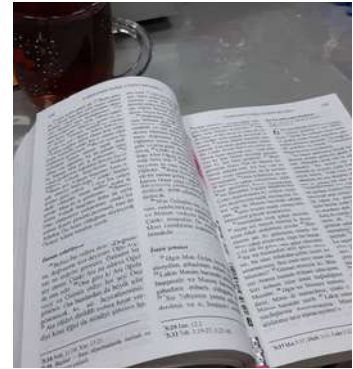

There are also contacts who have not yet responded or who say they do not have time to meet. We pray that God will provide the right time for the delivery of each İncil and that He will remove all fear and distrust from their hearts.

- **For Those Who Have Not Yet Received the İncil:** That God would remove all fear and doubt from their hearts, and that we may be able to deliver the İncil, get to know them, and share Christ with them (Tural, Elmin, Nizamddin, Eldaniz, Seymur, Sultan).
